## Lesley Thompson

Lesley Thompson was an important and much loved member of the Sunshine Coast Cycling Club. Lesley's passions were junior and female riders – she loved going to junior carnivals and watching the talented kids grow and develop, and she was always encouraging female riders to get on a bike and give it a go.

Lesley was always encouraging riders young and not so young, and she was a big part of club events and helping out behind the scenes.

After a long fight with cancer Lesley passed away in May 2016, leaving a big hole in the Sunshine Coast cycling community. Lesley is much missed but not forgotten.

The Sunshine Coast Cycling Club is honouring Lesley's legacy by hosting the inaugural Lesley Thompson Memorial Criterium.
